

Refrigerated display Metos VK38-160

Product information

SKU	4116835
Productnaam	Refrigerated display Metos VK38-160
Afmetingen	1600 × 395 × 225 mm
Gewicht	32,000 kg
Capacity	7xGN1/3
Technical information	220-240 V, 13 A, 0,34 kW, 1NPE, 50 Hz, 47 dB Drain: ø 24 mm
Type of the refrigerant	R600A
Quantity of refrigerant [g]	40

Description

The cold basin Metos VK38-160 is convenient and lightweight, small in space and easily movable. The basin can be placed on the table or installed in the working space by means of the support legs or shelf above the table level, providing the raw materials easily at hand..

The capacity of the cold basin VK38-160 is for seven GN 1/3 dishes. The glass part on the bottom of the basin protects the raw materials from splashing. The device has a clear digital display and its temperature is adjustable between +2°C...+10°C . The structure of the basin is made of stainless steel, the glass part is of impact-resistant glass.

- capacity 7xGN1/3
- temperature adjustment +2°C...+10°C.

- static cooling
- manual thawing
- electronic thermostat
- device stainless steel SS304, glass part of impact-resistant glass.
- 4 adjustable legs
