Description

The hand shower pistol Metos EB-0107-J-HM12 is designed for heavy-duty use in industrial kitchens.

- hand shower pistol with trigger, hold down ring
- 1.07 GPM spray nozzle with blue grip handle
- water consumption only 4.05 l / min
- suitable for most pre-wash showers sold in Europe
- 1/2" NPSM male inlet (compatible with G 1/2 threads)
- Material: Polished chrome plated brass body and rubber shield
- LEED Certificate: requirement for pre-rinse shower water consumption normally 4,9 l/min (in conventional showers it is more than 16 l/min).
