

Divider Metos Proff DM 310*20 mm

Product information

SKU	4188701
Productnaam	Divider Metos Proff DM 310*20 mm
Afmetingen	310 × 20 × 10 mm
Gewicht	0,010 kg

Description

The DM divider acts as a GN divider between the lång basin dividers (DL1200). With one DM divider and an optional DL divider, you get space for, for example, two GN1/2 containers.

- stainless steel, machine washable
- suitable for Metos Proff, Nova, Corona and Drop-in basins manufactured before 02/2019

ACCESSORIES (to be ordered separately):

- DL1200 divider
