Afmetingen	700 × 600 × 950 mm
Gewicht	25,500 kg
Technical information	230 V, 6 A, 0,14 kW, 1NPE, 50/60 Hz, 67 dB

Description

The Metos SelfCookingCenter XS integration kit guarantees an attractive image at any time, anywhere. It is easy to install and ensures a pleasant kitchen environment as steam is absorbed and dissipated. The kit includes a concealment kit made of hygienic stainless steel and a special integrated UltraVent XS which absorbs and dissipates steam. Targeted air circulation also provides the necessary cooling for the unit in the cabinets.

- For hygienic integration of a SelfCookingCenter® XS into a wall unit
- Integrated UltraVent XS absorbs and dissipates steam
- Eliminates the need for laborious installation of separate air extraction technology
- Targeted air direction ensures necessary cooling of the unit
- Stainless steel trim kit fulfils even the most stringent hygiene requirements
- Attractive design creates a professional, harmonious overall appearance
- Prevents build-up of soilage in difficult-to-reach places

- Easy-to-clean grease filter (CNS)
 - High-performance extraction
 - Proximity door contact switch
 - Extraction rate automatically increased when cabinet door is opened
 - Wastewater discharged by the device - no additional discharge line needed
 - Stainless steel trim kit
- Inside cabinet dimensions 700 x 600 x 950 mm.
