

## Slicing machine Metos Red Line 300

### Product information

---

SKU	4080304
Productnaam	Slicing machine Metos Red Line 300
Afmetingen	475 × 635 × 480 mm
Gewicht	27,000 kg
Capacity	0-12 mm slices
Technical information	230 V, 0,31 kW, , 50 Hz

### Description

Metos Red Line 300 is an easy-to-use and compact slicing machine that offers an affordable alternative for the needs of a restaurant or a small specialty store. Its sturdy aluminum frame is shaped so that it does not have sharp corners that collect dirt and interfere with cleaning. Thanks to the open design and quick-release parts, the device is really easy and quick to clean. A precision-cutting chrome-plated steel blade with a sharpening function, a sturdy product holder and a feed button ensure millimeter-accurate cutting results and help minimize product loss.

The Red Line range consists of 220, 250 and 300 slicing machines, which differ in terms of cutting capacity and blade tilt angle.

- Gray aluminum frame
- Manually pushed, lightly moving carriage
- Blade Ø300 mm, inclined 38°
- Start / stop switch with indicator lights

- Built-in sharpener
- Easy to use and precise slice thickness adjustment
- The guide plate, cover plate and table section are easy to remove for cleaning
- Fixed blade guard protects the user when cleaning the machine
- The safety switch prevents the machine from starting if the carriage is not attached

Cutting capacity:

- Rectangular product: 245x230mm, round product: Ø230mm
- Slice thickness adjustable from 0 to 12 mm
